Twiggi's long anticipated new album *The Sun Shines Through* is now available on iTunes and all leading retail and online services. This is the sensational singer's sophomore solo album and she is extremely proud to finally be able to share her newly inspirational sound with her fans. *The Sun Shines Through* is a collection of uplifting songs by the singer / songwriter. The overall sound of the album is a smooth reggae vibe with a touch of contemporary style while staying true to the singer's roots. Twiggi has spent the last few years working with such notable producers as Benji Myaz, 'Computer Paul' Henton from Boot Camp Records, Straight Cash crew out of Jamaica, Lion of Judah Sounds and Eugene Grey on this album. Twiggi is also the co-producer of all 12 tracks on the album.

Twiggi rose to stardom in the 90s when she was signed to the famed Penthouse Records label (original home to Buju Banton, Wayne Wonder and more), where she recorded and released such chart hits as "It's Too Late" on the Champion Riddim, "Where Did The Love Go" on the Far East Riddim, and "I Want Your Love" on the Tempo Riddim. It has been 13 years since the release of the singer's last album self entitled *Twiggi* on the Penthouse label.
